No. 27

GLEICHEN, ALBERTA, WEDNESDAY, SEPTEMBER 23, 1931

SUBSCRIPTION \$2.00 PER YEAR

MINUTES OF BLACKFOOT M.D. MEETING

A regular meeting of the council of the M.D. of Blackfoot, No. 218, held in the Municipal Office, Gleichen, The councillors present were: Reeve Thorssen, Deputy Reeve Umbrite and Councillors Bolinger, Deschamps, Nelson and Wheatley.

The minutes of the previous meeting were read and adopted on motion of Councillor Wheatley.

On motion of Councillor Wheatley Councillor Umbrite was appointed deputy reeve for the second portion of the year.

The question of painting the dump wagons was introduced and the council made an inspection of this equipment stored on the office grounds.

Coun. Deschamps carried a motion that the six dump wagons be painted W. L. Trego offered to do this work and provide oil and paint for the job.

Coun. Wheatley: That Mr. W. D. Trego be allowed to oil and paint one dump wagon as agreed upon and report the cost of the labor and material.

If the reeve is satisfied with the work and cost he shall order the remaining five dump wagons painted at a similar sum or price.—Carried.

The council decided to retain their membership in the Alberta Association of Municipal Districts and that the annual subscription of \$20.00 be sent forward.

On motion of Councillor Wheatley Messrs. Thorssen and Umbrite were appointed delegates to attend the annual convention of the Alberta Association of Municipal Districts to be held in Edmonton, Nov. 18th, 19th and 20th, 1931.

Roadwork Relief for destitute families: Letter from District Engineer, Graham advising that \$3000.00 has been allotted to this district was read also a resolution from the South Valley Ratepayers Association asking for work relief to relieve destitution in Div. No. 2. Some thirty resident ratepayers were present as delegates and individuals to meet the council and prevail upon them to meet a situation which was getting desperate.

Coun. Wheatley advised of the situation in his division. Fully 55 persons would need help. The reeve asked the delegates to proceed and Messrs. Rogers, Christensen, Paulson Pederson, Sproule and Maynard made known their position and the position of others whom they represented as delegates. Councillor Nelson estimated that \$5,000.00 additional allotment was necessary to meet this emergency which to say the least was serious.

Coun. Wheatley: That we avail ourselves of this co-operation relief roadwork scheme.—Carried.

Coun. Wheatley also moved and carried: The application be made to the Department of Public Works for an increase in the Roadwork Relief Allotment from \$3000.00 to \$12,000.00 and that we justify this application by supplying a list of names of persons in need together with details of their plight.

Coun. Umbrite: That if we enter into this roadwork relief scheme that we engage a competent man, Mr. J. H. Wright if possible, to take level and set stakes under instructions of this council.—Carried.

The accounts and paysheets as o.k'd by the finance committee were passed and ordered paid.

There was a complaint of weeds and uncultivated land on C.P.R. ditch. This question was briefly discussed with Weed Inspector Sammons. Mr. Sammons estimated that he would finish his work in from seven to ten days.

Coun. Wheatley: That the secretary-treasurer get in touch with District Engineer Graham and find out if the Department of Public Works lumber stored in our yard would be available for our use for culverts and farm crossings in the proposed roadwork program.—Carried.

Upon motion of councillor Nelson which carried the following resolution be forwarded to the Provincial Government:

"Whereas residents of the Municipality of Blackfoot, No. 218, have through adverse conditions and two crop failures exhausted all their resources to get the necessities of life

UNITED CHURCH RALLY DAY WELL ATTENDED

Last Sunday was Rally Day in the United Church and was marked by two services. In the morning an open session of the church school was ably conducted by Mrs. Gilbert, the superintendent. There was special music vocal and instrumental. Mr. Gilbert announced the promotions and gave a short talk on "Promotion."

Much credit is due the laymen of the United Church for the success of the evening worship.

Some days ago a few gathered in the home of Mr. R. A. Brown when the idea arose and plans laid. Some quiet canvassing followed and a full church was the result. At their own suggestion the choir cleaned and decorated the church and their special number contributed much to the success of the service.

The theme for the evening was the layman's reasons for saying "My Church". The meaning of the expression depended we were told, largely upon the amount of time, money and effort expended and when we add to these the deeper experiences of comfort inspiration and commitment new and stranger ties bound us to the church. The speaker closed with a word picture on which he described an old gentleman entering a very old church.

Mr. Gilbert was assisted by friends from the Anglican Church and the Army Home. Mr. Ostrander, brought greetings from the Anglican Church and read as lesson the story of an Old Testament Rally from Joshua 24. After the sermon the Army soldier sang and Ensign Sutherland pronounced the benediction.

At the close of the worship there was a meeting of the congregation. Mr. R. A. Brown was chosen to help Mr. Gilbert in the session work of the church until the regular annual meeting and elect a board of elders.

The use of the offertory, prayer and the gown was also agreed upon.

It was indeed a red letter day for the United Church people in Gleichen and the gratitude of all office bearers toward those who assisted in both deep and permanent.

SOME EXCITEMENT LAST SUNDAY

About one thirty Sunday afternoon there was excitement galore in Gleichen, especially amongst all the residents living east of Fourth Avenue. In the midst of a down pour of rain one bolt of lightning seemed to enter every house in that district. Some reported having got a shock, others saw the flash in their house, other felt the house vibrate. Practically all of them state the bolt caused a loud clap of crash, as if a pan had been thrown violently to the floor, in the house. The reporter after making sure nobody in his home was hit or the house damaged went out side to see if any other house had been hit, and discovered the cross on the top of St. Victor's Church splintered to pieces. Smoke seemed to be coming out of the roof of the church so Cliff Fleury dashed over in the rain to investigate and reported there was no fire there. Just then the fire whistle commenced to set up its terrible scream. Downpour or no downpour the town came to life. Rain coats could not be found in the hurry and most people came to the conclusion they are a useless appendage in fighting a fire anyway, so they were left behind in the mad scramble to get out of doors to the fire. Dan McLeod had been gazing out his window looking at the storm when he discovered what he thought was smoke pouring out of the roof and eaves of the big school across the road from his home not having a phone he dashed down town and with assistance finally got the whistle going. Arriving at the school the yard it buzzed with excitement while men rushed hither and yon through the building trying to locate

MRS. AGNES SERVICE

The announcement of the death of Mrs. Agnes Service, widow of the late Wm. Service at the age of 64 years, was the cause of much surprise among the old timers of Gleichen. She had been visiting her son William of Arrowood and was enjoying excellent health up until the time she was taken ill. On August 22nd after a consultation of doctors she was taken to Calgary General Hospital where an operation was performed to remove an abscess on the liver. She seemed to be doing very well but the operation proved too much for the aged lady and she passed away Tuesday, September 15th.

Mrs. Service was born in Ayrshire Scotland, came west to Whitewood Man., 45 years ago, residing there for seven years, and later coming to Gleichen, where she lived for some 37 years. For the last 10 years she has resided in Calgary. She was a member of the Knox Presbyterian Church, Calgary, and Rev. Dr. Dixon of that church conducted the funeral services last Thursday afternoon in the Gleichen United Church, which was filled with Gleichen old timers.

The following were the pall bearers Messrs. Harry Scott, Dave Wilson Duncan McBean, L. F. Christensen, J. Moss and Geo. T. Jones. Burial took place in the Gleichen cemetery where her husband, who died in July, 1927, and two children, Evelyn, three years and Harry seven days, are buried.

Mrs. Service was highly spoken of by all Gleichen people who knew her. She was a member of the Easter Star, Gleichen, the members of which attended the funeral in a body.

Surviving her are five daughters and three sons namely: Mrs. W. J. Dodds, Seattle; Mrs. C. R. Ward, Cranbrook, B. C.; Mrs. T. W. Symons, Edmonton; Mrs. Rose Pringle, Calgary. Miss Leila Service, Winnipeg; William J. of Arrowood; James of Brook and Edwin of Baltimore.

The members of the family wish to thank the people for all their kindness, shown them and the many kind expressions of sympathy. They also wish to sincerely thank those who contributed the beautiful flowers.

Gerald Yates left last week for Calgary to attend Mount Royal College "Jerry" as his friends call him is a Gleichen born boy and up to the present received all his education in Gleichen. Jerry will be missed among the young folk as he was very popular with them. The Call along with all the Gleichen folks wish Jerry every success at college.

Out of town transit companies are now paying license fees to the town of Drumheller which is only just and fair to those who pay business and other taxes. The license fee is \$40. Why does not the Gleichen council do likewise?

PRIZE WINNERS SCHOOL FAIR LAST WEEK

The Gleichen District School Fair was held Tuesday, September 15th and proved to be one of the most successful school fairs ever held here. It has been several years since this district has had a school fair and with such a good start this year we should look forward to even better fairs in the future. The school work was up to its usual good standard and the display of vegetables and livestock was particularly good. This year the town schools exhibited good garden products. This is accounted for by the benefits to be derived from irrigation. Any one who had any doubt about the benefits of irrigation would have all doubts dispelled after visiting the exhibits at the fair.

The following schools competed at the fair: Alton, Shamrock, Hammer Hill Livingsprings and Gleichen, 4 rooms. The officers for 1931 is as follows: President G. H. Farquharson, Vice-President J. Corbiell, Secy-Treas. M. Murray Local Committee: Alton, 1 Norland, Hammer Hill, D. R. Oliver Shamrock, R. Umbrite, Livingspring J. Corbiell, Gleichen, Mrs. Yates, W. McConnell, J. Ostrander, G. H. Farquharson.

The committee wish to acknowledge with thanks the following donations. Gleichen Pharmacy, 2 boxes of chocolates; A. R. Yates, fountain pencil; MacCallum & Sutermeister, art picture; R. W. Brown, 2 boxes chocolates; R. S. Haskayne, picnic ham; R. W. Harrison, girls stockings; Ramsay Mer. Ltd. box chocolates; McKay Hdw. Co. YOUR AMMUNITION

In the 438 Alberta Elevators grain growers have the most effective fighting unit in the province

There is no more unanswerable way of proclaiming to all Canada the western farmers' determination to stand together and fight their way out of their present difficulties than by delivery of bushels, wagon loads and car loads of grain to Alberta Pool Elevators.

Success depends on deliveries of grain, above all else.

Grain is your only ammunition.

the blaze which fortunately there was none. The theory is advanced that when the lightning hit the church and school it caused the damp roofs to steam off that the wind blowing a gale caused the rain to blow off these high buildings in a fine spray which looked exactly like smoke.

Fire or no fire the brigade had a splendid practice. The apparatus arrived on the scene just about as soon as the first spectators and by the time the building had been looked over the boys were ready to turn on the water.

This false alarm was a blessing for it proved that an experienced mechanic could not blow the whistle or highly excited individual on a dark night or in broad daylight for that matter, get the thing to work. Here is a case of one of those things that never show up until a crises arises.

In order to let air reach the whistle it is necessary to open a valve, pull the two ropes and make all the noise you can. This valve will likely be remedied but in the meantime every citizen in town, man, woman or child should inspect the whistle which is located beside the fire hall, and familiarize themselves on how it works.

The air circus arrived in town shortly after dinner Saturday and caused great interest to young and old. They used Mr. Duvell's field just north of town where a large crowd gathered at the field for the occasion many coming up for a ride. A good exhibition of looping-the-loop, falling leaves and other stunts were given. Four of the six planes present flew in formation for some time and a parachute jump by Mrs. Palmer, of Lethbridge shortly after 5 o'clock concluded one of the best exhibitions of any kind ever seen in the Gleichén district.

SUBSTITUTION

When a product attains the immense popularity enjoyed by CALGARY DRY, it invariably occurs that from time to time you are offered or served other brands of inferior quality and flavor. Remember—only in CALGARY DRY will you find the true full flavor you enjoy.

Accept Only The Genuine
